

**TUITION REFUND POLICY**

If a family should decide to leave Thunder Bay Christian School for any reason, during the course of the year. Tuition will be prorated as follows:

To prorate tuition owing, membership fee is deducted first, then the balance due is prorated over 10 months; then multiplied by the number of months the family attended; this amount plus membership fee is balance due.

Example:	\$5,500.00	-96/97 tuition
	- 550.00	-subtract membership fee
	\$4,950.00	

Assuming a family attended school for 4 months.
 $\$4,950 \text{ divided by } 10 = \$495.00 \times 4 = \$1,980.00$

Balance due is $\$1,980.00 \text{ plus } \$550.00 = \$2,530.00$

Therefore, this family must pay \$2,530.00 for the 4 months their children attended.
