

***God's 20/20 Vision: Open Our Eyes to See***

*"The precepts of the LORD are right, rejoicing the heart.  
The commandment of the LORD is pure, enlightening the eyes"  
Psalm 19:8*

From the Princip**AL's** Office:

One of the wonderful blessings of celebrating the Christmas season is through the gift of music. For centuries our communities have enjoyed the carols and hymns which focus on the true meaning of Christmas. During this month I will be sharing some songs which may or may not be familiar, but they all will highlight the beautiful meaningful message of our Saviour's Birth.

***O LORD, HOW SHALL I MEET YOU***

*O Lord, how shall I meet you, how welcome you aright?  
Your people long to greet you, my hope, my heart delight!  
O kindle, Lord most holy, your lamp within my breast,  
To do in spirit lowly all that may please you best.  
You came, O Lord, with gladness, in mercy and good-will,  
To bring an end to sadness and bid our fears be still.  
In patient expectations we live for that great day,  
When a renewed creation your glory shall display.  
(Paul Gerhardt, 1653)*

We had a busy week this week. In language arts we continued comparing and contrasting Luke 2 with various Christmas stories using a Venn diagram. We also practiced our reading comprehension and worked on our weekly words. No spelling next week.

In Bible we continued studying Joseph. This week we looked at the baker, butler, and Pharaoh's dreams and how Joseph was able to interpret them giving the glory to God. We saw how God used a difficult situation to put Joseph in the right place. We also read about Joseph's reunion with his brothers. Memory work is due next Thursday. (Isaiah 9:6)

In math we worked on word problems using addition and subtraction. It was difficult for some of us to determine when to subtract and when to add. We will continue to practice this next week. Have a great weekend.

**Mrs. Himanen:**

Everyone is very excited for Christmas, and we have only one more week to go! This week students in both classes wrote a grammar unit test and the grade fives wrote a math test. Please make yourself aware of your child's mark on those tests. Most of the book reports have been turned in and are looking terrific! Several students presented their book reports already. I was so impressed with the depth and quality of the presentations.

I finished reading *The Bully of Barkham Street* this week. One of the book reports presented was on the sequel to this book so some students are interested in reading it. Martin learned a lot about how to turn his life around and change his bad reputation to a better one. He worked hard to change some bad habits and to be a more patient and understanding person.

We practiced together with the other classes for the Christmas program and everyone is sounding wonderful!

We will enjoy some Christmas fun next week watching some movies of books we have read and having snacks. Each student is welcome to bring in snacks to share or to enjoy for him/herself beginning Tuesday.

Bible- The class will be learning about the return of the Israelites to Jerusalem and the rebuilding of the temple and the walls of the city.

**Mrs. Hamilton:** French- We've continued to work with the Christmas story vocabulary this week. Next week we'll continue to enjoy talking about the true Christmas story in French.

We were out on the rink two times this week. We braved the chilly temperatures and had a great time. Please have skates at school Monday and Wednesday next week for gym.

Math 7- Next week the class will be learning how to add and subtract mixed fractions and how to multiply and divide fractions.

**Mrs. Hamilton:** French- We've continued to work with the Christmas story vocabulary this week. We also did a review of the verbs *etre* and *avoir* and how we use them to speak about things that happened in the past.
